¹ Good records exist through the 1973-74 season. The Pin List (of unknown origin) has the top pinners through the 1985-86 season. Information on falls from the 1986-87 season through 1996-97 has not been found. News-Sun season wrap-ups start listing fall leaders (or at least the top pinner) in 1997-98 for most seasons (but not the 1998-99 season). Starting with the 2005-06 season, information on falls was also obtained from official dual meet scorebooks and the internet site pa.wrestling.com, supplemented by information from the News-Sun and other sources.
